

SHAMANISM AND THE SPIRITS OF NATURE

July 31 – August 1, 2010
Port Clyde, ME

Nan Moss and David Corbin

Prerequisite: The Way of the Shaman - The Shamanic Journey, Power & Healing with authorized Foundation for Shamanic Studies faculty member.

From ancient times, shamans have worked with the spirits of nature for healing, survival, and knowledge. By learning from the plants and animals, from the rocks and mountains, from the wind and waters, and from sun, moon and stars, shamans helped their peoples live in harmony with the universe. In a world now out of balance, the way of the shaman can teach how again to respect nature, our Planet, and its inhabitants at a deep spiritual level. As our ancestors everywhere once knew, humans can only survive if they look after the survival of all their relations. By working together intensively through shamanic journeys and other spiritual experiences, we will rededicate ourselves to helping restore and maintain a living Planet.
